AN UNTRUTHFUL SUBORDINATE.

Mr. Editor: Not long since I saw in the morning Post a letter written by Mr. Charles R Douglass to the Commissioners, in which he stated that Trustee L. A. Cornish had put a paper into the hands of Miss Merritt to obtain the signatures of the teachers under him in his interest, and that he thought such coercion unfair. He further stated that he had obtained his information from one of the supervising principals. Out of justice to Mr. Cornish and for the enlightenment of Mr. Douglass, permit me to state that the statements are as false as the one who gave them birth. The paper referred to was written by one of the male teachers, and turned by him over to Miss Merritt. The conception of such a manner of showing the high esteem in which Mr. Cornish is held by his teachers originated solely with the teachers, and was unknown to him. This paper contained a large number of names, prominent among which was the name of the supervisor in question, who was undoubtedly playing a double deal.

One Who Knows.

A LIBERAL ORGAN OFFER.

That there has been a revolution in the manufacture of Organs and Pianos is evinced by the current offer of Cornish & Co., the well known manufacturers of Washington, N. J. For the next 60 days they offer to sell an organ for $42.50, which a short time ago would have been considered a desirable bargain at $75.00. With this they offer terms of credit that are sure to meet with the approval of every fair-minded person. Cornish & Co. are the largest makers of Pianos and Organs in the world selling direct from the factory to the home. Since the conception of this great business, nearly thirty years ago, they have been fighting the method of selling instruments through agents and dealers, their plan being to give the enormous profits usually retained by the tradesman to the buyer. Their efforts to place first class instruments within the reach of all, at manufacturer's prices and the most liberal terms, deserves the highest commendation. Every one who is contemplating the purchase of an Organ or Piano, should get the catalogue issued by this firm. It illustrates and describes all the latest and best designs of Organs and Pianos with prices and special offers that are sure to prove profitable. They generally offer to send it free to all who write and mention the BEE.

JEKYLE-HYDE CASE.

A New York Car Coupler and His Double Life.

New York, Sept. 24.—Frederick Biegelspicker, a car coupler on the elevated railroad at One Hundred and Twenty-ninth street and Third avenue, has got himself into trouble because having one wife, it is alleged, he married another last July, and since then has been leading a double life. His duplicity was discovered by wife No. 1 on Thursday, and his arrest followed. He was arraigned before Justice Tainter, in the Harlem Police Court, Friday, and held in $3,000 bail for further examination. Biegelspicker lived with wife No. 1 at No. 1056 Stebbins avenue, and at the same time he was keeping an establishment for wife No. 2 at One Hundred and Seventy-fourth street and Bathgate avenue. He married wife No. 1 nineteen years ago in this city, and they have a daughter fourteen years old. For several months Biegelspicker has been irregular in reaching his home on Stebbins avenue, and excused himself by telling his wife that he was forced to work periodically at night. These excuses were accepted in good faith until the startling news reached her that her husband was living with another woman. In order to verify the statement Mrs. Biegelspicker followed her husband on Thursday night after he left work. He went to the house at One Hundred and Seventy-fourth street and Bathgate avenue. Mrs. Biegelspicker saw a woman greet him at the door and kiss him. This was more than she could stand and there was a rumpus. Explanations followed, and it was discovered that Biegelspicker had a second wife. Wife No. 2 was as much surprised as wife No. 1. She said that she married Biegelspicker at Bridgeport last July, and believed him to be a single man. The faithless husband, who is about forty-five years old, cried like a baby when he was arraigned, and pleaded piteously for mercy from the Court.

A FLEET CAPTURED.

The Japanese Take Three Transports of Chinese Soldiers.

Shanghai, Sept. 24.—It is rumored here that the Chinese transports Chin-Tung, Hae-Ting, Hain Gu and Too-Nan, while landing troops in the Yalu River, were captured by the Japanese. Nothing definite as to the fate of those on board is known as yet. Advices have been received from Chemulpo stating that a fleet of 32 Japanese transports, conveyed by a number of warships, have arrived there. The transports had on board 7,000 soldiers, 3,000 coolies and 2,000 pack horses. Troops are being pushed towards Seoul, upon which city it is expected an attempt will soon be made.

London, Sept. 24.—A correspondent of the Daily News at Shanghai states with reserve that Count Cassini, the Russian Minister at Pekin, has been recalled and replaced by Hitrovo, who has been Minister at Tokio.

Mme. Fursch-Maihd's Funeral.

New York, Sept. 24.—Mme. Fursch-Mahdi, the opera singer, died Friday night at Warrenville, Somerset County, N. J., of cancer of the stomach. Her death was not unexpected. Mme. Fursch-Mahdi was forty-seven years old, and was a native of France. Her first appearance in this country was at the Academy of Music, under Mapleson, fourteen years ago. The funeral was held at Plainfield, N. J., Saturday.

New Yorks Death Rate.

New York, Sept. 24.—President Wilson, of the Health Board, has prepared statistics showing the death rate in this city for 1894 as compared with last year. The total number of deaths during 1893 was 44,486; births, 51,528, and marriages, 15,144. The calculated total for 1894 is as follows: Deaths, 41,819; births, 56,641; marriages, 16,261, showing a large decrease in the number of deaths, with an increased population.

OUR POSITION.

If it is a sin for the BEE to defend the ladies in the Recorder's Office against the vile attacks of the white press, then the BEE has commiited a great sin.

Some of those who have dislike for the present incumbent of that office were at a loss to know why the BEE defended the colored women of that office.

Because the BEE has been opposed to the recorder, is there any reason why it should be opposed to the employees of that office, and especially the women? Notwithstanding the opposition of the BEE to Mr. Taylor, it will not join in with the enemy in a crusade against the colored ladies of the office.

Other methods must be resorted to. Mr. Taylor must show that he is incompetent for the office.

The BEE will condemn wrong whenever and wherever found, but it will not join in upon subterfuges and abuse of colored ladies to carry out notorious acts

Who are these white women of whom the Times complain or defend for their association with colored ladies?

The BEE has the highest respect and confidence for the colored women of the Recorder's Office, and no matter how wrong Taylor is the BEE will defend the colored ladies of that office, should it become necessary to appeal to the people for the retention of the present incumbent.

DID HE GO OR WAS HE LED ASTRAY?

Our genial friend, Hon. H. C. C. Astwood, has at last returned to the Republican fold. He has declared himself in favor of the Republican party and denounced the party that refused to confirm him for Calais, France. Why should Mr. Cleveland be condemned? He was friendly to Mr. Astwood; he recognized the merits of worthy Democrats and nominated several for high offices.

Mr Astwood may be right, his reasons may be well founded, but the BEE doesn't think that Mr. Cleveland should be condemned because his party refused to confirm Mr. Astwood.

Mr. Astwood praises the man who defeated his confirmation and condemned the man who elevated him. Mr. Cleveland elevated Astwood by nominating him for an office to which no negro has ever been nominated, and it was the Hon. Fred. Douglass and his son Charles who prevented his confirmation.

Mr. Cleveland is condemned and Mr. Douglass who disgraced Mr. Astwood is praised.

"Ingratitude is stronger than traitors arms."

"While the lamp holds out to burn the vilest sinner may return."

THE PRESIDENT.

President Cleveland may not have given the Negro Democrats all they demanded, but he certainly did give them as much as they deserved, i. e., those who are criticising him.

President Cleveland elevated Astwood, and Hon. Fred Douglass and his son pulled him down. The President is condemned and Mr. Douglass is praised. Moral: "We often praise the hand that smites us."

Dr. Francis is true to his friends, notwithstanding what his enemies may say.

In Dr. Francis, the Surgeon in Charge of the Freedman's Hospital will find an honest friend.

Wanted at this office two printers and two ladies who desire to learn the printing business; also several hundred boys are wanted to sell the semi-weekly BEE. Call at once.

THE AMERICAN LIBERTY DEFENCE LEAGUE.

R. C. O. Benjamin, President.
J. B. Colbert, Vice-President.
James E. Johnson, Secretary.
J. H. Ballou, General Counsel.
George Henry, Treasurer.

PREAMBLE.

The international agitation now going on in regard to outrages committed upon colored Americans in the Southern States, renders imperative the organization of the American Liberty Defence League. In order to aid this agitation, broaden and make thoroughly effective the work of the International Committee already appointed to investigate the matter, this League is formed.

The work which the League has undertaken is:

1st To encourage and assist Miss Ida B. Wells in her anti-lynching crusade by seizing the opportunity while public attention is directed to the subject to keep some one in the field to agitate and emphasize our demand for justice.

2nd. To publish necessary literature and statistics for distribution.

3rd. To keep detectives in the field to investigate every lynching, get the Negro side of the stories, and the real facts for our English friends, our Northern sympathizers, and for ourselves; to employ counsel to defend those charged with heinous offences, and secure the conviction and punishment of those who participate in lynchings.

OUR DUTY.

Never since the agitation of the abolition of American slavery has there been a period fraught with such serious consequences, as now confront the friends of humanity and believers in free government, as is now involved in the issue before the American people, raised by the Anti-Southern-Outrage Crusade; an issue with which the American people must deal and settle once for all. The abominable cruelties of mob law and lynching have become National problems, and it seems that the time has come when every good citizen must enter his protest against the exhibition of this violent barbarity, assert themselves, exert their best endeavor to maintain the dignity and majesty of the law, and demonstrate to the civilized world that the American Government is in reality a government of the people, by the people, and for the people, and for all the people.

THE END IN VIEW.

To the end that this agitation may be conducted in such a way as that full light may be thrown upon all the facts involved, we propose to organize around the League a sustaining constituency to do the proper work. For instance: Two colored men, near Alexandria, Virginia, were charged with the crime of assault on two white women. They were arrested and placed on trial; the case was prejudged by the community, and a mob of armed men organized to overawe the court and jury, and deny to the accused the right of a fair trial. The State militia were ordered out to convey the two colored men to and from the court-house, the result was the execution of the men without any legal evidence of their guilt. All this happened under the very shadow of the National Capital. If the American Liberty Defence League had been in existence, the case, instead of being one of local color-line-Democratic-politics, would have assumed national proportions; a fair trial secured to the accused; the ablest legal ability at the Northern bar would have been employed to defend the men; reporters from the Metropolitan press especially commissioned would have been present. Able and experienced detectives, thoroughly skilled in ferreting out all hidden motives and facts in regard to crime, would have been employed to ascertain the character of the women who were the accusers, whether or not they were professional harlots; the character of the house they kept; the frequenters of that house; if they were criminally intimate with any members of the armed mob, etc., etc. With such an exhibition of legal vigilance in protecting the helpless, the Virginia affair would in all probability have turned out very different. The purpose of this League is to apply all over the South the principles and policy of such a vigilant and tireless activity as to render the repetition of the Virginia infamy impossible.

THE POLITICAL PHASE.

The League also proposes to furnish indisputable testimony, that, while allowing for the ferocity born of the spirit of slavery, nevertheless, the animating motive and significance of these Southern outrages is Political. The political motive and incentive to these outrages does not embrace merely local politics; it does not mean alone the election of "color-line" Justice of the Peace, color-line sheriff, color line educational committee, color line members of the legislature, color line governors and like local and State officers,—it embraces the whole field of national political action. It embraces 159 solid votes in the electoral college. It embraces a color line legislative majority in both branches of Congress It embraces a color line president of the United States. It embraces a solid South representation as such in his cabinet. It embraces a representation in the United States Supreme Court, where color line solid South judges will hold the same relation to Negro suffrage which Judge Taney of the Dred Scot and Missouri compromise, held to chattle slavery and solid color line Democracy. Without these propelling motives the solid South could not exist for a day; upon these the whole colossal political fabric is reared, from Missouri to Florida and from Delaware to Texas. It is this solid South coalition which has elevated a color line political leader to the American presidency, which now controls every department of the Federal Government; and which, in the face of a divided North, threatens the life of the Republic itself. For tyranny through law cannot be enthroned upon the prostrate form of black humanity at the South without so affecting and deadening the National conscience as finally to set the heel of a relentless military despotism on the necks of the white wage slaves of the North.

AN APPEAL.

We call upon the friends of liberty everywhere, the ambassadors of Christ, the churches of the living God, the press of the civilized world, and those who give shape to legislation to aid us in our work.

To accomplish the object as above set forth, we need and must have money.

The membership fee is fifty cents a year, payable one half (25 cents) in advance. Contributions are also solicited from every friend of humanity. Remittances to be made to the treasurer of the League. All money received will be publicly accounted for and economically and honestly disbursed in support of our sacred cause.

☞ We earnestly request persons desiring to aid in this work to join together and organize leagues. Constitutions and by laws will be furnished on application to the president or secretary of the League.

THE CHIEF HAS RETURNED.

Dr. Daniel H. Williams, the Surgeon in Charge of the Freedman's Hospital, who has been absent on account of sickness, returned to the city last Sunday evening in good health, and is prepared to assume charge of the hospital, which has been so well conducted in his absence by Dr. Francis, acting surgeon in charge, and his assistant Dr. Shadd.

The new chief will make quite a number of improvements. The first one will be to fit up a hall for the trained nurses. Miss Hilyard, from the Providence Hospital of Chicago, will be appointed Chief of the Nurses Home, a new feature in connection with the hospital.

It is the desire and wish of the new surgeon to have persons interested in the success of the hospital to contribute books, pictures, or anything else to the Nurses Home.

The improvements that will be made will add greatly to the hospital. The two assistants to Dr. Williams, Drs. Fsancis and Shadd, will give the new chief their undivided support, and it is the wish and hope of the people that these three young men will do all in their power to give to them the finest hospital in the country. Dr. Francis has the most implicit confidence in the good judgment and ability of his superior officer, and the confidence the people of this city has in Drs. Francis and Shadd, and the support they intend to give them, will no doubt encourage Dr. Williams to do great work at this institution.

From time to time the BEE will note the wonderful improvements made at this hospital. The public and the friends of the hospital are requested to visit the hospital and inspect it.

The following petition is being generally circulated by a number of citizens of the District of Columbia, irrespective of politics, which we heartily indorse:

We, the undersigned citizens of the United States and residents of the District of Columbia, earnestly invite our fellow citizens, irrespective of politics, to unite with us in calling a meeting for the purpose of appealing to Congress for some modification of the present form of government of the District of Columbia, so that the people of this community will have some voice in the management of its affairs.

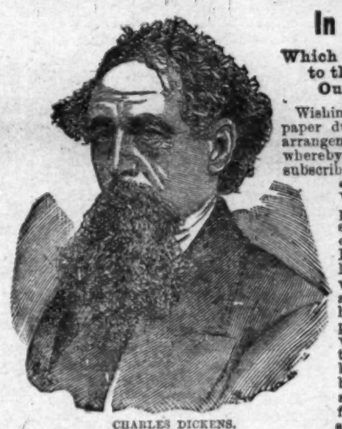
GRAND PREMIUM OFFER!

A SET OF THE

WORKS OF CHARLES DICKENS,

In Twelve Large Volumes,

Which we Offer with a Year's Subscription to this Paper for a Trifle More than Our Regular Subscription Price.



CHARLES DICKENS.

Wishing to largely increase the circulation of this paper during the next six months, we have made arrangements with a New York publishing house whereby we are enabled to offer as a premium to our subscribers a **Set of the Works of Charles Dickens, in Twelve Large and Handsome Volumes,** with a year's subscription to this paper, for a trifle more than our regular subscription price. Our great offer to subscribers eclipses any ever heretofore made. Charles Dickens was the greatest novelist who ever lived. No author before or since his time has won the fame that he achieved, and his works are even more popular to-day than during his lifetime. They abound in wit, humor, pathos, masterly delineation of character, vivid descriptions of places and incidents, thrilling and skillfully wrought plots. Each book is intensely interesting. No home should be without a set of these great and remarkable works. Not to have read them is to be far behind the age in which we live. The set of Dickens' works which we offer as a premium to our subscribers is handsomely printed from entirely new plates, with new type. The twelve volumes contain the following world-famous works, each one of which is published *complete, unchanged, and absolutely unabridged:*

DAVID COPPERFIELD,
MARTIN CHUZZLEWIT,
NICHOLAS NICKELBY,
DOMBEY AND SON,
BLEAK HOUSE,
LITTLE DORRIT,
OUR MUTUAL FRIEND,
PICKWICK PAPERS,
BARNABY RUDGE AND CHRISTMAS STORIES,
OLIVER TWIST AND GREAT EXPECTATIONS,
THE OLD CURIOSITY SHOP AND THE UNCOMMERCIAL TRAVELER
A TALE OF TWO CITIES, HARD TIMES AND THE MYSTERY OF EDWIN DROOD.

The above are without question the most famous novels that were ever written. For quarter of a century they have been celebrated in every nook and corner of the civilized world. Yet there are thousands of homes in America not yet supplied with a set of Dickens, the usual high cost of the books preventing people in moderate circumstances from enjoying this luxury. But now, owing to the use of modern improved printing, folding and stitching machinery, the extremely low price of white paper, and the great competition in the book trade, we are enabled to offer to our subscribers and readers a set of Dickens' works at a price which all can afford to pay. Every home in the land may now be supplied with a set of the great author's works.

Cures Coughs, Colds, Asthma, Bronchitis, and all Scrofulous Humors.

Get the Genuine Article.—The great popularity of "Wilbor's Compound of Cod-Liver Oil and Lime" has induced some unprincipled persons to attempt to palm off a simple article of their own manufacture; but any person who is suffering from Coughs, Colds, or Consumption, should be careful where they purchase this article. The results of its use are its best recommendations; and the proprietor has ample evidence on file of its great success in pulmonary complaints. The Phosphates possess a most marvelous healing power, as combined with the pure Cod-Liver Oil by Dr. Wilbor. It is regularly prescribed by the medical faculty. Sold by A. B.
